FROM: Tony Gallegos, Reclamation Engineer *aag*

RE: Site Inspection, Pyramid Mining Inc., AROC #1 Mine, S/047/032,
Uintah County, Utah

Date of Inspection: July 28, 1993
Time of Inspection: 0945 - 1025
Conditions: Sunny, cool
Participants: Larry Allred, Pyramid Mining Inc.; Tony Gallegos, DOGM

Purpose of Inspection: To examine the current status of the site and inquire about the status of the transfer of operations.

The extent of the site appears basically unchanged since the last inspection. A hot mix plant is still onsite. A new "miner" is being used to mine the asphalt from the pit. This new piece of equipment produces a finer grained and more uniform asphalt product than ripping with a dozer.

In respect to the transfer issue, Mr. Allred suggested contacting Mr. Tom Bachtell.
